Courses in *italics* are strongly recommended to be taken during the semester listed.

Courses in bold italics must be taken during the semester indicated to stay on track to complete the Bachelor of Science in Interior Design within four years (eight sequential semesters).

*Students have the option to take ID350 in the summer following their first year in the program.

**Students may take PHYS115 Descriptive Physics instead of the Physical World (lecture and lab). Descriptive Physics requires a lecture, lab, recitation and quiz.
