

ACTION PLAN WORKSHEET: COMMUNITY INVOLVEMENT

INSTRUCTIONS:

Before scheduling a time to write the action plan:

- Gather the **KDADS Criteria** for Community Involvement: (pg. 9 and pgs. 22-23):
<http://www.he.k-state.edu/aging/outreach/peak20/2017-18/peak-criteria.pdf>
- Gather the **KDADS Core Considerations** for Community Involvement: (pg. 31-32):
<http://www.he.k-state.edu/aging/outreach/peak20/2017-18/Core-Considerations.pdf>
- Gather a team together (approximately 5-6 people) who are interested in working on this topic. Include a couple members of your PCC change team.
- Have all the team members read through the KDADS Criteria and Core Considerations for Community Involvement before meeting together.
- Bring copies of the KDADS Criteria and Core Considerations for everyone on the team when you meet to start writing the action plan.

At the time of the meeting:

- Make sure everyone has a copy of the Criteria and the Core Considerations.

Now it is time to start action planning:

- Your team will work through the Community Involvement core, supporting practice by supporting practice.
- Read the statement under the heading Core #2, “Opportunities are available to build new and maintain existing connections”. (KDADS Criteria page 22)

Now that you have Objectives and Action Steps for each supporting practice within the Community Involvement core,

- Go back to your action plan and have members volunteer to take the lead on the action steps. **Write/type their name as the Responsible person.** Work to spread out the work load among the team.
- Now go through and identify deadlines for each action step. Get the person that volunteered to lead the step involved in setting the date. **Write this as a target date on the plan.**
- Review the action plan to make sure it makes sense and compare the time line with the other cores you are working on. Try not to overload your schedule with too many activities at one time.
- Once the plan is complete, turn it in to the KSU Center on Aging for feedback and get started working through your plan. The feedback you will receive from KSU are suggestions to aid in your success in the program. You do NOT need to submit any changes or revisions you make to the action plan. Make changes internally and continue using the plan as a working document.
- Your action plan has no impact on you PEAK 2.0 level, but a submitted action plan is required for receipt of your Medicaid financial incentive. We see a strong correlation between homes that invest time in the action planning process and success at evaluation time. Feel free to contact the PEAK 2.0 team anytime for consultation on your work.
