

# Foodservice, Hospitality Management and Dietetics Administration – M.S.

## Student Learning Outcomes:

Three Student Learning Outcomes were selected for the Master of Science in Foodservice, Hospitality Management and Dietetics Administration (FHMDA) program.

- **Student Learning Outcome 1:**  
Students will articulate current issues affecting the hospitality and dietetics industries.
- **Student Learning Outcome 2:**  
Students will demonstrate the ability to apply management concepts to hospitality/dietetics operational issues.
- **Student Learning Outcome 3:**  
Students will demonstrate the ability to design and implement a research project from inception of the idea to communication of the results.
