

PROGRAM OF STUDY: DOCTORAL

Submit original and 7 copies

Sample Program of Study
 For PhD in Human Nutrition with emphasis
 on Biochemistry and Cell Biology

Doctor of Education

Doctor of Philosophy

Upon admission to a doctoral program, a student confers with the head of the academic program and selects (from members of the Graduate Faculty) an advisor, or "major professor," who is certified to direct dissertations and who is willing to assume this responsibility. At the recommendation of the head of the academic program, the Dean of the Graduate School will appoint a supervisory committee consisting of the major professor, who chairs the committee, and at least three other members of the Graduate Faculty. One member of the supervisory committee must be a graduate faculty member from outside the major professor's department. On doctoral committees having co-major professors, at least one must be certified to direct dissertations. In addition to the members recommended, the Dean of the Graduate School may appoint other members from the Graduate Faculty to the supervisory committee. (See *Graduate Handbook*, Section 3.B.).

A full-time student must file a program before the end of the second semester of graduate study, and part-time students must do so upon completion of nine credit hours. If courses have already been taken, department codes, course numbers, course names, credits earned, and the semesters taken should be listed on the program of study exactly as they appear on the transcript(s). **Dissertation research should be listed on one line with the total sum of hours.** Credits to be transferred, other than a master's degree, that were earned more than seven years prior to the semester that this program is approved should not be included. **If transferring the maximum 30 hours from a master's degree, please list where/when degree was completed on one line with the total sum of hours.** If less than 30, please list individual courses and credit hours. Indicate where/when transfer course work was or will be completed.

Dept Code	Course Number	Course Name	Credits	Semester Taken
HN	810	Advanced Macronutrient Metabolism	4	
HN	812	Advanced Micronutrient Metabolism	3	
HN	815	Molecular Basis of Nutrient Function	3	
HN	880	Graduate Seminar in Human Nutrition	1	
HN	880	Graduate Seminar in Human Nutrition	1	
HN	906	Proteins in Food Systems	2	
HN	911	Advanced Nutrition-Proteins and Amino Acids	2	
STAT	704	Analysis of Variance and Covariance	2	
STAT	705	Regression and Correlation Analyses	2	
STAT	720	Design Experiments	3	
BIOCH	755	Biochemistry I	3	
BIOCH	765	Biochemistry II	3	
BIOCH	766	Biochemistry II Lab	2	
HN	999	Doctoral Research	30	

Above courses are only a sample program of study.

Total KSU credits 61

Transfer credits and/or Master's degree: Official transcript required.

TRANSFER WORK

Total transfer credits _____

Typed copies of the program signed by the student, major professor, all committee members, and the department head or group chairperson are forwarded to the Dean of the Graduate School, 103 Fairchild Hall. (Department head or group chairperson signs twice if also a committee member.)

Residence Requirement. Refer to the doctoral residence requirement as specified in Chapter 3, Sections H and O of the Graduate Handbook (on the Web at <http://www.ksu.edu/grad/handbook>). The intent of the residency requirement is to immerse the student full time in graduate study, enabling the student to benefit from all aspects of a doctoral program such as coursework, informal interactions with other students and faculty, research experiences, informal seminars, and visitors' lectures. Please indicate below how and when the student will complete the residence requirement.

Planned date for completion of the preliminary examination*: _____

*A Request for a Preliminary Exam Ballot form should be submitted to the Graduate School one month before the examination begins.

Proposed Title of Dissertation: _____

All members of a student's supervisory committee participate as peers and have the responsibility for planning the program of study, advising the student, administering the preliminary examination, and ensuring the student's doctoral program is of high quality. In consultation with the student, the supervisory committee is responsible for advising on the courses to be taken, approving plans for developing the student's capacity for productive scholarship, ensuring that University regulations and program requirements are met, and making adjustments to the program of study.

The following members of the graduate faculty at Kansas State University are recommended to the Graduate Dean as the Supervisory Committee. The signatures below signify that the student and the recommended Supervisory Committee members have agreed to the Program of Study.
