

Linda Alderson Hoag

*Communication Sciences & Disorders
School of Family Studies and Human Services
Kansas State University Speech and Hearing Center
1405 Campus Creek Road
Manhattan, KS 66506-7500*

*(785) 532-1479
lhoag@ksu.edu
Office location: 227 CCC*

Education

Doctor of Philosophy (Ph.D.) (1979)
Speech Science
University of Illinois

Master of Arts (1974)
Speech Science
University of Illinois

Bachelor of Arts (1969)
Far East and Slavic Studies
University of Washington

Professional and Academic Positions

2008-present	Professor	School of Family Studies & Human Services Program in Communication Sciences Disorders	Kansas State University
1993-2008	Associate Professor	School of Family Studies & Human Services Program in Communication Sciences Disorders	Kansas State University
1987-1993	Assistant Professor	Dept of Speech, Theatre, Dance Program in Speech Pathology & Audiology	Kansas State University
1986-1987	Instructor	Dept of Speech, Theatre, Dance Program in Speech Pathology & Audiology	Kansas State University
1989-1990	Speech-Language Pathologist	Early Start Program. Infant and toddler screening in Riley County	Kansas State University
1986-present	Staff Clinician	School of Family Studies & Human Services Program in Communication Sciences & Disorders/ Speech Pathology & Audiology	Kansas State University
1982-1983	Speech-Language Pathologist	Ruediger Elementary School	Leon County Public Schools, FL
1978-1980	Assistant Professor	Dept of Speech Pathology & Audiology	Idaho State University

Linda Alderson Hoag

1978-1980	Director	Communication Laboratory: Preschool for children with communicative disorders	Idaho State University
1977-1978	Speech-Language Pathologist	Developmental Services Center Adult Vocational Workshop	Champaign, Illinois.
1975	Summer Trainee	Center for Craniofacial Anomalies University of Illinois	Chicago, Illinois
1974	Trainee	Veteran's Administration Hospital	Danville, Illinois

Certification and Licensure

1979-present	Certificate of Clinical Competence in Speech Pathology (CCC)
1993-present	License Number 00371 in Speech-Language Pathology, State of Kansas

Grants

2010	Faculty Development Award, Graduate School, \$1000, to present a paper at the biennial conference of the International Society for Augmentative and Alternative Communication (ISAAC) in Barcelona, Spain.
2005-2009	National Institutes of Health, R01 three-year grant with Jan Bedrosian, Western Michigan University and Kathleen McCoy, University of Delaware (\$996,858). Communicative Competence and the Use of Prestored Text.
2001-2004	National Institutes of Health, R01 three-year grant with Jan Bedrosian, Western Michigan University and Kathleen McCoy, University of Delaware (\$826,093). Communicative Competence and the Use of Prestored Text.
1994	Manhattan Sertoma Club. \$1,432 to fund equipment for Speech and Hearing Center.
1992	Faculty Development Award, \$600, with Larry Solberg, to support project on the use of chromatic tuners to measure pitch in children with normal and hoarse voices.
1992	Korg USA Corporation, \$908, with Larry Solberg, to support project on the use of chromatic tuners to measure pitch in children with normal and hoarse voices; with Larry Solberg.
1990	Faculty Development Award, Graduate School, \$520, to present a paper at the biennial conference of the International Society for Augmentative and Alternative Communication (ISAAC) in Stockholm, Sweden.
1989	Faculty Development Award, \$1,000, to support project on perceptions of communicative competence of individuals who use augmentative and alternative communicative devices.
1988	Faculty Development Award, \$1,300, to support project dealing with a comparison of communicative success of children with learning disabilities in their regular and self-contained classrooms.

Linda Alderson Hoag

Honors

- 2017 Speech-Language Pathologist of the Year, Kansas Speech-Language-Hearing Association
- 2006 Nominee, Presidential Award for Undergraduate Advising
- 1999 Mortar Board Award for Advising
- 1995 Prentke Romich AAC Editors' Award for the contribution to *Augmentative and Alternative Communication (AAC)*: Hoag, L., Bedrosian, J., Johnson, D., & Molineux, B. (1994) Variables affecting perceptions of the social competence of an adult AAC user.
- 1994 William L. Stamey Teaching Award
- 1991 William L. Stamey Teaching Award
- 1978 Phi Kappa Phi, University of Illinois
- 1966 Junior Honor Women, University of Washington

Didactic Course Instruction

Kansas State University , School of Family Studies & Human Services, Program in Communication Sciences and Disorders

FSHS/CSD 780 Instrumental Measurement for Clinical Application (2) This course addresses instrumentation and measurement procedures for clinical purposes. Particular emphasis is placed on the physiological aspects of speech breathing and acoustic and physiological aspects of phonation..

FSHS/CSD 750 Voice Disorders (3) The etiologies and characteristics of voice disorders, as well as general principles of assessment, prevention, and intervention of these disorders, are presented. The role of the speech-language pathologist in rehabilitation planning following treatment for laryngeal cancer is also addressed (replaced FSHS 750 Voice and Resonance Disorders in 2011).

FSHS/CSD 748 Cleft Palate. (1) An overview of communicative disorders related to cleft palate and other structurally-based conditions affecting velopharyngeal function. Research and practical knowledge

Linda Alderson Hoag

related to the characteristics, assessment, and treatment of these communicative problems are addressed. (taught yearly, starting in 2012)

- FSHS/CSD 705 Practicum in Speech-Language Pathology. Supervision of graduate student clinical work in diagnostic evaluation and management of individuals with a variety of communicative disorder. Considered as equivalent to one three-hour course.
- FSHS/CSD 591 Topics in CSD: Anatomy Lab Instructor. Mentored experience in planning, conducting and evaluating laboratory activities on the structure and function of the speech mechanism.
- FSHS/CSD 360 Anatomy of the Speech Mechanism (4) Anatomy of the structures involved in speech production. The course includes histology of the larynx and an overview of speech physiology. lecture and lab components.
- FSHS 750 Voice and Resonance Disorders (3) The etiologies and characteristics of voice and resonance disorders, as well as general principles of assessment, prevention, and intervention of these disorders, are presented.
- FSHS 897 Seminar in Cleft Palate. (3) Graduate seminar on etiology, characteristics, assessment, and intervention of communication disorders resulting from orofacial anomalies, particularly those resulting from cleft palate. (taught every three years until 2009)

Kansas State University, Department of Speech, Theatre, and Dance (1986 to 1993)

- SPPAT 750 Orofacial Anomalies (2) Research and theory concerning etiologies, assessment, and clinical management of orofacial anomalies. Cleft lip/palate is emphasized.
- SPPAT 642 Laryngeal Disorders (3) Research and theory concerning etiologies, assessment, and clinical management of laryngeal pathologies.
- SPPAT 555 Language Development for Non-Majors (3) Survey of the development of speech and language.
- SPPAT 550 Speech Physiology (3) Physiology of structures involved in speech production, including measurement and instrumentation applied to the examination speech production.
- SPPAT 457 Practicum in the Public School Speech and Hearing Services (8) Observation and participation in the management of speech and hearing impaired children under the supervision of selected public school speech and hearing clinicians.
- SPPAT 456 Principles of Professional Practice (3) Procedures for establishing program services in varied employment settings. Use of resource personnel and interprofessional relationships are discussed.
