

Build Your Own Fashion Collection

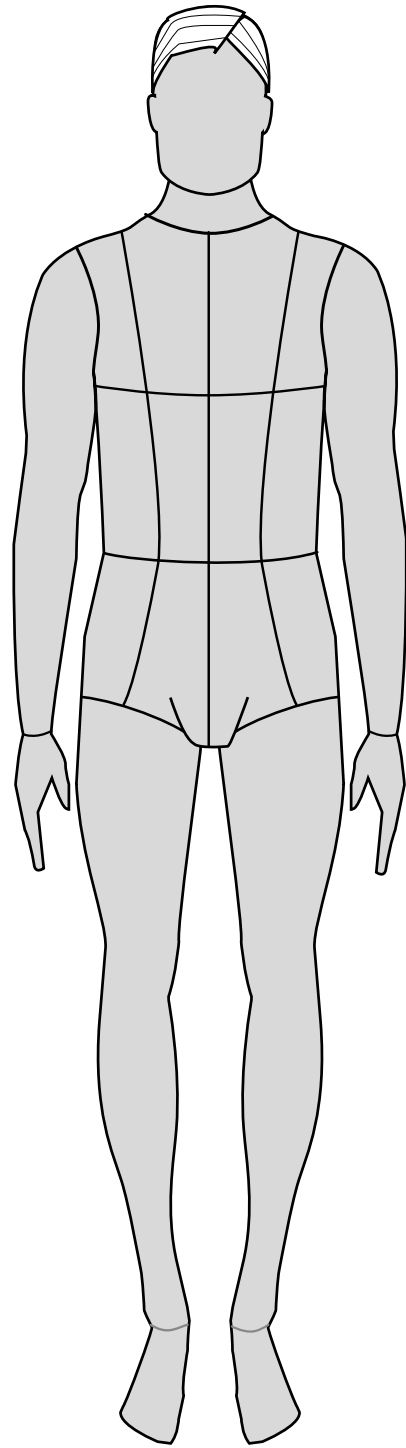

Interior Design and Fashion Studies

Kansas State University

Fashion designers draw “flats” that depict fashion from one point of view without perspective or depth. We have provided flats that you can print, add your color choices to the ones without color, if you want, and then cut out to create different outfits for the “fashion croquis” that you will recognize as representing people.

Female Croquis

Male Croquis

Plus Size/Inclusive size croquis
