

PREPARING FOR OPTOMETRY SCHOOL

Students must earn a bachelor's degree prior to admission to optometry school. Pre-optometry is not a major. There is no preferred major. In addition to earning a bachelor's degree, students must complete the courses required by the optometry schools to which they plan to apply and score competitively on the Optometry Admission Test (OAT).

- Requirements at individual optometry schools vary.
- Students are responsible for knowing and completing the requirements of their major & the optometry schools they plan to apply to.
- Early and regular consultation with a health professions advisor is recommended.

NON-ACADEMIC COMPONENTS OF A SUCCESSFUL APPLICATION

In addition to a competitive GPA and OAT score, competitive applicants have:

- Shadowed optometrists in multiple settings.
- Demonstrated a commitment to service through participation in volunteer activities. It is not necessary to limit volunteer service to health-related organizations.

Research, leadership, and direct patient care experience also may enhance competitiveness.

KANSAS OPTOMETRY SERVICE SCHOLARSHIP INFORMATION

There is no optometry school in Kansas. However, the State of Kansas has agreements with the State of Missouri—Missouri College of Optometry, Southern College of Optometry, and the School of Optometry at Northeastern State University through which selected Kansas students may receive reduced tuition. Scholarship recipients are required to provide one year of service as an optometrist anywhere in Kansas for each year of scholarship. Availability of scholarships is dependent upon available state funding. For more information call 785-430-4855, send email to oldhamburns@ksbor.org or write to:
