_____ Prof. Applications Elective	3	_____ A Life Science Course	3
_____ Business Elective	3	_____ Business Elective	3
_____ Unrestricted Elective	3	_____ Unrestricted Elective	0-2
	15-16		13-15

Courses in *italics* are strongly recommended to be taken during the semester listed.

Courses in **bold italics** must be taken during the semester indicated to stay on track to complete the Bachelor of Science in Interior Design within four years (eight sequential semesters).

*Students have the option to take **ID350** in the summer following their first year in the program.

**Students may take PHYS115 Descriptive Physics instead of the Physical World (lecture and lab). Descriptive Physics requires a lecture, lab, recitation and quiz.
